Summary

As a Brazilian native who now calls Australia home, I bring a diverse perspective to my work.
My experience as a Mechanical Engineering student, Mathematics tutor
and English teacher has sharpen my problem-solving skills and attention to detail.
I'm always eager to learn new things, and my recent commitment to a career change
has led me to explore front-end web development.
Currently, I'm studying HTML, CSS, Sass, Bootstrap, JavaScript, and React.js with the goal of
becoming a full-stack developer.
I'm enthusiastic and motivated to take on new challenges and build a rewarding career in this
dynamic field.
